i) With the adoption of the Every Student Succeeds Act (ESSA), military-connected students are now recognized as a distinct subgroup, including students with a parent who is a member of the Armed Forces (defined in section 101(a)(1)(4) of title 10, United States Code) on active duty (as defined in section 101(d)(5) of such title. The Military Student Identifier (MSI) provides educators with critical information to personalize attention to military dependent children.

ii) Each year, every school district in New Hampshire is required to report student data by race and ethnicity categories set by the federal government to the New Hampshire Department of Education (NHDOE). Though the NHDOE does not report individual student data to the federal government, the total number of students in various categories of each school is reported.
