

School ID Cards

Each student will be issued an ID card at Freshman Field Day or at the beginning of the school year. ***Students are required to have this card (or a picture of it) on their person at all times when on campus.*** For campus safety reasons, the ID picture must be visible. If any student scratches off, colors over, or otherwise covers the picture, he/she will be required to purchase a replacement. The card itself has many purposes. Its primary function is to serve as identification in case of an emergency. It is also used for lunch, and to scan into the Attendance Office, Counseling Office, Health Office, Library, Media Center, etc. Students must have the actual card, but may take a picture of the card on their phone as a backup.

Replacement cards can be purchased for \$5 in the Registrar's Office. This service is available before school only! In the Low Building Room 5305
